TYPE:

Suspension

PROJECT NAME:

design by Jos Muller

With its very light and minimal design hoola creates an archetypical light circle. The soft light is directed upwards and downwards while its highly efficient led-light curves along with the lamp shape. Hoola is available in 60, 100 & 140cm diameter. Hoola will be a real eyecatcher when different diameters are combined. It can be arranged in horizontal, angled or even vertical positions. The lamps can be place close to a ceiling, in free open spaces or vertically along the wall.
