

FLIP

WALL MOUNT

TYPE:

PROJECT NAME:

WALL MOUNTED

The remarkable design of the wall mounted luminaire Flip will capture the on-looker's attention. The moving element provides enormous arrangement possibilities as well as great flexibility in directing reflected light to create interior moods. The replaceable panel can come in a colour different than the light fitting body.

Complementary lighting. It will work perfectly at establishments such as clubs, galleries, and hotels, but also as lighting for the office and home.

Installation Note:
Fixture includes 4" x 4" square backplate
