

RAY

CEILING MOUNTED

TYPE:

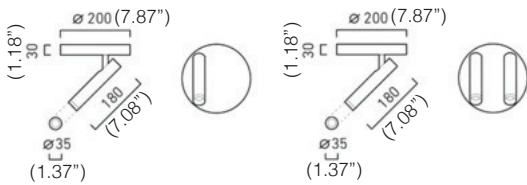

PROJECT NAME:

SPOTLIGHTS

Ray is a surface mounted luminaire available in two versions - featuring one or two light sources. The spotlight's slender form and subtle simplicity will discreetly make its presence felt in the interior. The high quality integrated and energy-efficient LED light source provides natural-looking colours. Its optical lens enables shifting the lighting angle between 8° and 40°.

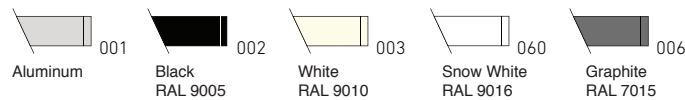

General, complementary, and spot lighting. The luminaires will work perfectly at establishments such as clubs, galleries, and hotels, but also as lighting for the office and home
