CEILING/WALL

TYPE:

PROJECT NAME:

---

design by Jean-François d'or

A large saucer of golden light, gently diffusing throughout your room, like the shimmering sound of a gong. As a hanging lamp above a table, the 'disk' creates a warm and intimate atmosphere, almost as if you were sitting in a secluded alcove. By adjusting the height of the 'disk' above the floor, you can vary the overall strength of the lighting. Brilliant rays of bright light will flood over all your interior surfaces. The 'disk' can also be used as a wall or ceiling lamp.
