design by Alain Monnens

Spot collection with an emphasis on technique and mobility. Every part has a definite function, which provides for a candid and non-intrusive design. Because of this, BANG fits in any possible environment, which makes application easy. In brushed aluminium finish, Bang creates a bold 'industrial' impression. Then again, in enamel finish, its elegant fluent lines are emphasised. BANG is available for 12V or 120V dicroid lamps.

bang 5 12V base H15 mm
