

# BOOMER™

SUSPENSION

TYPE:

PROJECT NAME:

boomer | design by jos muller

Boomer's minimalistic shape looks like a frozen movement. Its wavy shape creates an elegant contrast with the architectural lines of interiors and objects. It can be hung horizontally in balance or at an angle out of balance. A group of lamps enhances the characteristic curves. Boomer can be placed directly above a dining table, home or office workspace. The highly efficient led-light smoothly curves along with the lamp shape.
