

# CLARA™

CEILING MOUNT

TYPE:

PROJECT NAME:

SURFACE MOUNTED

The simplicity of the Clara suits every interior - traditional, modern, raw. These are plafonds with an integrated LED source of high quality, and colour-rendering index CRI≥95. The lack of visible mounting screws highlights the minimalism of the light fittings, increased tightness up to IP44 allows the lamp to be installed in a bathroom. The milk aperture with a sandblasted glass structure gives a soft, pleasant, and even light, while eliminating the glare effect. Two diameter sizes and three heights of luminaire allow you to create interesting arrangements on the ceiling.

General, complementary and spot light. Suitable for commercial spaces such as hotels, restaurants and offices, but also as lighting for home (bathroom).

## ORDERING INFO

Model	Finish	Output	LED	Voltage	Dimming
