PROJECT NAME:

design by Alain Monnens

At first glance, the 'hat' appears to be a classic-style floor lamp—but it is much more than that! The elegant one-piece base supports a supremely functional shade. Because of the original manner in which this shade is mounted, it can easily be swivelled into a new position, turning your "downlighter" into an "uplighter". Both the shade and the base are offered in three different colours, which can be freely combined with each other.
