- Perform safety knot (X) on the elastic rope after the clip (Q) (Fig.5).

ATTENTION

The products of our production are suitable for the using in usual surroundings with standard temperature and humidity levels.
All the operations have to be done by a technician.

CLEANING

Switch off the power or pull the plug out.

For the periodical cleaning of the lamp use always gloves and a soft cloth (for glossy surfaces) or a feather duster for the lampshade in fabric or pleated fabric.

Don't use aggressive solvents or alcohol. Avoid absolutely to fold parts which are not expected for folding, in this case welded parts are going to be damaged.
