# VIZER™ PLUS

WALL

TYPE:

PROJECT NAME:

Vizer Plus is lighting that combines reliability, aesthetics, and functionality. The absence of visible mounting screws is not only a matter of aesthetics but also safety. The light diffused by the fixture creates a pleasant atmosphere, perfect for relaxation or work. Additionally, the ability to rotate the body by 90 degrees allows for precise adjustment of the light direction to individual needs. Vizer Plus is not just lighting – it's an excellent combination of design and practicality.

**Power input, flux:** LED 5.8W 235lm

**Color rendering / SDCM:** CRI 90

**Installation:** surface mounted, wall

**Materials:** Aluminum, polyamide

**Ingress protection:** IP20

**Electrical:** High efficiency electronic power supply, rated 50,000 hours 120V-277V
